

## DIRECTIONS

### Regular Surfaces

1. Spray directly on surface being disinfected and wipe.
2. Allow 3-5 min. dwell time on surface after wiping.
3. Wash away with water (optional).
4. Can be left on surfaces (may cause streaking on stainless steel and glass).

### Electronics/Sensitive Equipment

1. For best results, spray/soak disposable wipe or paper towel and wipe surface.
2. Allow 3-5 min. dwell time on surface after wiping.

Suggested dwell time provided is duration it takes chemical disinfecting agent to effectively kill pathogens and microorganisms including COVID-19.

**NOTE:** If diluted, ViraSolve loses effectiveness. Wipe or paper towel is recommended for effective coverage. Wash food prep surfaces after dwell time with soap/water. Can use in sprayer systems for covering larger areas.

This product is not classified as hazardous by WHMIS 2015 (Hazardous Products Regulations). Keep out of reach of children.

### AVOID/TREATMENT

**IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. **ON SKIN:** Wash with plenty of water. Remove contaminated clothing and wash before reuse. If skin irritation occurs, get medical attention. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Get medical attention if you feel unwell. **IF INHALED:** Seek fresh air. If unwell, get medical attention.

## Effectively kills pathogens and microorganisms including COVID-19

- Pandemic 2009 H1N1
- Influenza A (Swine Flu)
- Influenza A2 Virus
- Salmonella Choleraesuis
- Escherichia coli (E.coli)
- Hepatitis B & C Viruses
- Norwalk Virus
- Staphylococcus aureus – MRSA (HA & CA) and more!

## UTILITY INDUSTRY

Ready To Use Hospital Grade Disinfectant Approved by Health Canada & Canadian Food Inspection Agency (CFIA). The most effective disinfectant and sanitizer for use in hospitals, Construction Sites, Utility Vehicles, Food Processing Plants, Restaurants/Bars, and other institutions where disinfection, sanitization and deodorization are of prime importance. ViraSolve is formulated to disinfect inanimate hard surfaces such as walls, floors, sink tops, tables, chairs, phones and more.

### AREAS OF USE

Vehicles, Safety Equipment, Offices, Warehouses, Tools, Computers, Electronics, Mobile Devices
